Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III

1 Briefly describe the organization's mission:

The mission of Hope Springs Water is to provide sources of pure water, provide water distributions systems, sanitation systems, and or public health education programs in the developing world.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 168,555 including grants of \$) (Revenue \$ 0)

The WaSH (water access, sanitation, and hygiene education) zone that Hope Springs Water is currently actively involved in is in the Southwest Shewa Zone of the state of Oromia, centrally located in the east African country of Ethiopia. This past year has brought many exciting changes to our work in that region. Hope Springs Water has helped to form an Ethiopian national NGO (non-governmental organization, or nonprofit organization) with a home office in Addis Ababa, Ethiopia. There are five national employees who run the office; handle governmental affairs and agreements/permissions; organize, plan, and monitor our projects; and help plan and execute all logistical requirements for the five or six teams that travel there during the dry season every year to drill water wells, work on sanitation projects, teach hygiene education in the schools, and provide the Hope for Girls menstrual management program and materials to girls to help them stay in school following menarche. Our team was able to travel to Ethiopia in early October, where we were able to meet with our team at Hope For Life, catch up on where things are in our relationship with the government, evaluate and update our equipment, and plan future projects. Our Ethiopian team drilled six wells after our last trip and has three more funded and planned before the end of the year 2021. That will bring the total of wells
(Continued on Schedule O, Statement 1)

4b (Code:) (Expenses \$ 88,917 including grants of \$) (Revenue \$ 0)

Our team was able to travel to Nicaragua in June of 2021, where we joined a team from Bryan, Texas to drill a water well in a village along the Prinzipolka River. We also introduced Hope for Girls, our menstrual management program, to the schools in several villages along the river. The three-year plan there is to improve access to safe water in 12 indigenous communities, provide gender-specific latrines in the schools of those villages, offer deworming programs coupled with health and hygiene education, and offer menstrual management education and reusable menstrual products for the girls in those schools. Because the countries of Belize and Guatemala have had their borders closed for most of 2021 due to COVID-19, we have been unable to travel there to perform any work in the villages.

4c (Code:) (Expenses \$ 35,029 including grants of \$) (Revenue \$ 0)

Our team traveled to the Brownsville-Matamoros border this summer to evaluate the situation there and take menstrual supplies to our partners to be distributed to the refugees along the border. We also spoke with water department officials in McAllen, Texas about water needs along the Rio Grande in The Colonias found there. We have been sending regular truckloads of water to Brownsville to assist the efforts to serve the people of the area.

First Program Service Accomplishments Description

Description

drilled in 2021 to 15. While in Bantu, our team was able to present the Hope for Girls menstrual management program to 78 schoolgirls and give them each a kit containing washable, reusable menstrual supplies that last three years. We are beginning to ramp up our focus on sanitation now and will begin that campaign within the next several months, so long as the political climate continues to allow us to do that. We were blessed to be able to drill a well in Bungoma, Kenya earlier this year and have received funding to drill another one to serve the Mateka Children's Home near Bungoma. Additionally, in May we were able to raise \$4,000 to provide anti-malaria vaccinations to 1,000 children in Bungoma County through a partnership with In Jesus Global Missions.
